

TIERRA SERIES

Round embended LED fitting

Model : LT-OB00917AAAA and LT-OB00617AAAA
Power : 9W
Input Voltage : AC 24V
Power Factor (PF) : >0.85
Color Temperature : 2700-7000K

Application: park grounds, gardens, main entry, exit areas

Description

Features:

High brightness SMD LED as light source, high efficiency and energy saving.

No contaminating element like Pb or Hg, environment friendly.

Low power consumption, long life span, good stability and high reliability.

unique heatsink design, the lamp has good heat dissipation and better space utilization.

Constant current driver.
