

LED MASTERSPOT SERIES

GU10 LED spot cob

Description
Features:

1. Durable fin-shape heat sink design, offers optimal heat dissipation.
2. High power LEDs as light source, high luminous efficiency.
3. No UV and IR radiation, suitable for the radiation-sensitive objects.
4. Easy installation, compatible with traditional socket GU10.
5. High quality COB luminaire, long lifespan.

Model	Dimension	Power(W)	Luminous Flux(lm)	CCT(K)	CRI	Input Voltage(V)	Socket
