

MAESTRO SERIES

The latest for street lighting, high performance, high energy efficient

Model No. : LT-LA11216ACAA
Power : 112W
LED QTYS : 112PCS
Input Voltage : AC100-240V
Color Temperature : 2700-7000K
Power Factor : >0.95

Description

Features:

High brightness SMD LED as light source, high efficiency and energy saving.

No contaminating element like Pb or Hg, environment friendly.

Low power consumption, long life span, good stability and high reliability.

With high Purity aluminium material, unique heatsink design, the lamp has good heat dissipation and better space utilization.

Constant current driver.
