

LED CORNBULB E27 SERIES

E27 LED bulb

Model - LT-DA00515AAEA

Characteristics	symbol	Min	Typ	Max	Units
Input Voltage	AC	100	220	240	V
Input Current	I	0.033	0.042	0.100	A
Power Consumption	Pd	5	5.5	6	W
Colour temperature	Daylight white	6500		7000	K
	Warm White	2700		3500	
LED / LEDs (1W LED)			95		PCS
Lighting Angle			360		o
Power Factor			0.6		
Efficiency			90%		
1m Luminous flux			40		LUX
Light effect			100		Lm/W
Illustration index	Daylight white		75		
	Warm White		85		
Operation Temp.		-30		45	°C
Store Temp		-20		55	°C
Product Application		Bed room, Corridors and so on			
Material		6063 Aluminium			
Reference standard		CE Rohs			
Packing	Inner Box	1pcs / 1Box	6*6*12.8cm		0.1Kg
	Out Box	100pcs/1box	61.5*31*26.5cm		11Kg

Model No	: LT-DA00515AAEA
Power	: 5W
LED Qty	: 95pcs
Input Voltage	: AC100-240V
Color Temperature	: 2700-7000K
Warranty	: 3 years
Certification	: TUV GS CE Rohs
Dimension	: Ø40*110mm

Description

Features:

Environmental friendly, no stroboflash, no UV or IR.

High energy-efficiency, the 5W lamp can replace a traditional 40W incandescent lamp.

Insulated ceramic materials with high thermal conductivity, better heat dissipation, better stability of the LEDs.

Excellent insulation, protection from electric shock problem.

Easy installation, compatible with traditional E14 socket.

Good quality LEDs, long lifespan.
