

## LED SPOT LAMP SERIES

LED high performance, Energy efficient spot lamp

Model No : LT-AA00317GAEA  
 Power : 3W  
 LED Qty : 3pcs  
 Input Voltage : AC100-240V  
 Color Temperature : 2700-7000K  
 Certification : TUV GS CE Rohs  
 Base : E27/E14/GU10/MR16

### Description

#### Features:

Environmental friendly, no stroboflash, no UV or IR.

High energy-efficiency, the 3W lamp can replace a traditional 25W incandescent lamp.

Insulated ceramic materials with high thermal conductivity, better heat dissipation, better stability of the LEDs.

Excellent insulation, protection from electric shock problem.

Easy installation, compatible with traditional E14 socket.

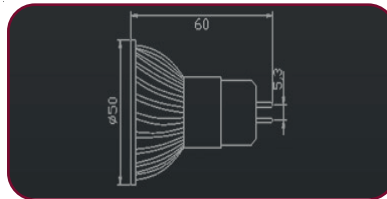

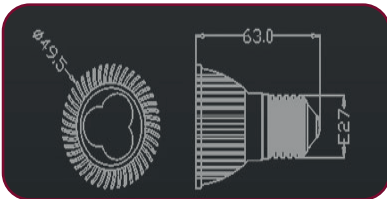

High quality LEDs, long life span

Model No : LT-AA00312FABA  
 Power : 3W  
 LED Qty : 3pcs  
 Input Voltage : AC100-240V  
 Color Temperature : 2700-7000K  
 Certification : TUV GS CE Rohs  
 Base : E27/E14/GU10/MR16

LT-AA00317GAEA

LT-AA00312FABA

Model No : LT-AA00417GABA  
 Power : 4W  
 LED Qty : 4pcs  
 Input Voltage : AC100-240V

### Description

#### Features:

Environmental friendly, no stroboflash, no UV or IR.

High energy-efficiency, the 4W lamp can replace a traditional 40W incandescent lamp.

Insulated ceramic materials with high thermal conductivity, better heat dissipation, better stability of the LEDs.

Excellent insulation, protection from electric shock problem.

Easy installation, compatible with traditional E14 socket.

High quality LEDs, long life span

LT-AA00417GABA
