

E27 LED BULB SAVERPLUS SERIES

E27 LED bulb

Model - LT-BULB-G10

Description
Features:

1. High lumen output, suitable for commercial applications.
2. Durable fin-shape heat sink design, offers optimal heat dissipation.
3. The G10 can replace a traditional 60W incandescent bulb.
4. Excellent insulation, protection from electric shock problem.
5. Easy installation, compatible with traditional E14 socket.
6. Good quality LEDs, long lifespan.
